

Inventory Sheet – Timesaver Parts

Instructions: Please use this inventory checklist to verify all parts are included with the Timesaver module. Please do this when checking out the material and again when returning the material. Please notify a Division 3 officer if any part is missing or damaged so that it can be replaced or repaired for the next event. Please note that a device for measuring elapsed time is NOT included; such a timer is needed for Scouting contests. Thank you.

Checkout information:

Timesaver #:	1 or 2
Date:	
Your name:	
Event / activity:	
Received from:	

Check-in (return) information:

Date:	
Returned to:	

When returning, please use the checklist on the next page to make sure all parts are included.

Please record your Comments: *(Observations on condition of the Timesaver and its parts, effectiveness of the event / activity, suggestions for future events, etc.)*
